ROSSETO GLOBAL

120 Countries and Counting...

"As Rosseto continues to grow globally, developing dynamic relationships with our valued distributors is extremely important."

Nils Hughes
President Global Key & National Accounts

Get the Rosseto® products you love, from Down Under to Dubai. We are rapidly expanding our distribution channels to be able to provide faster service, consistent stock, and an increased range of products.

BECOMING A TRULY GLOBAL BRAND

Getting bigger means never forgetting where you came from and who you are.

Wow, it has been an exciting time for us since publishing our 10th Anniversary Catalog in 2016. Rosseto's new distribution hub in Holland is now up and running, and we have launched over 60 new products this year! People are talking about the exciting growth taking place at Rosseto now more than ever. As we continue to expand, our goal remains the same- creating quality, design-focused products that our customers have come to expect.

As you dive into this current catalog, you will see that we have added four entirely new lines to the Rosseto family of products - Natura™, Iris™, Forme Melamine, and Diamond Multi-Chef™.

Meet Natura™, Iris™, Formé Melamine, and the new Diamond Multi-Chef™. Each product from every collection integrates with all other Rosseto products.

The new Natura line works with all our existing bamboo surfaces and beverage dispensers. The new Diamond Multi-Chef™ and Iris™ bases work with all of the Multi-Chef™ accessories like the Chafing Pod and Induction Sets. So, you can upgrade your buffet to a completely new line or simply add on to the Rosseto products you are already using. Complete your buffet with our new full range of Formé Melamine Serve-ware. A collection of platters and serving systems that are incredibly functional and economical without sacrificing a bit of style.

In addition to our new product lines, we are constantly striving to expand our extensive line of dispensers. At Rosseto, we pride ourselves on not only having the finest quality products in the industry, but also offering the widest selection available for dry food dispensing and bulk mer-chandising. Bring us your snacks, cereal, or candy! We have a serving solution perfect for your next project- guaranteed.

Here's to all the beautiful things we will create together this year!
All the best,

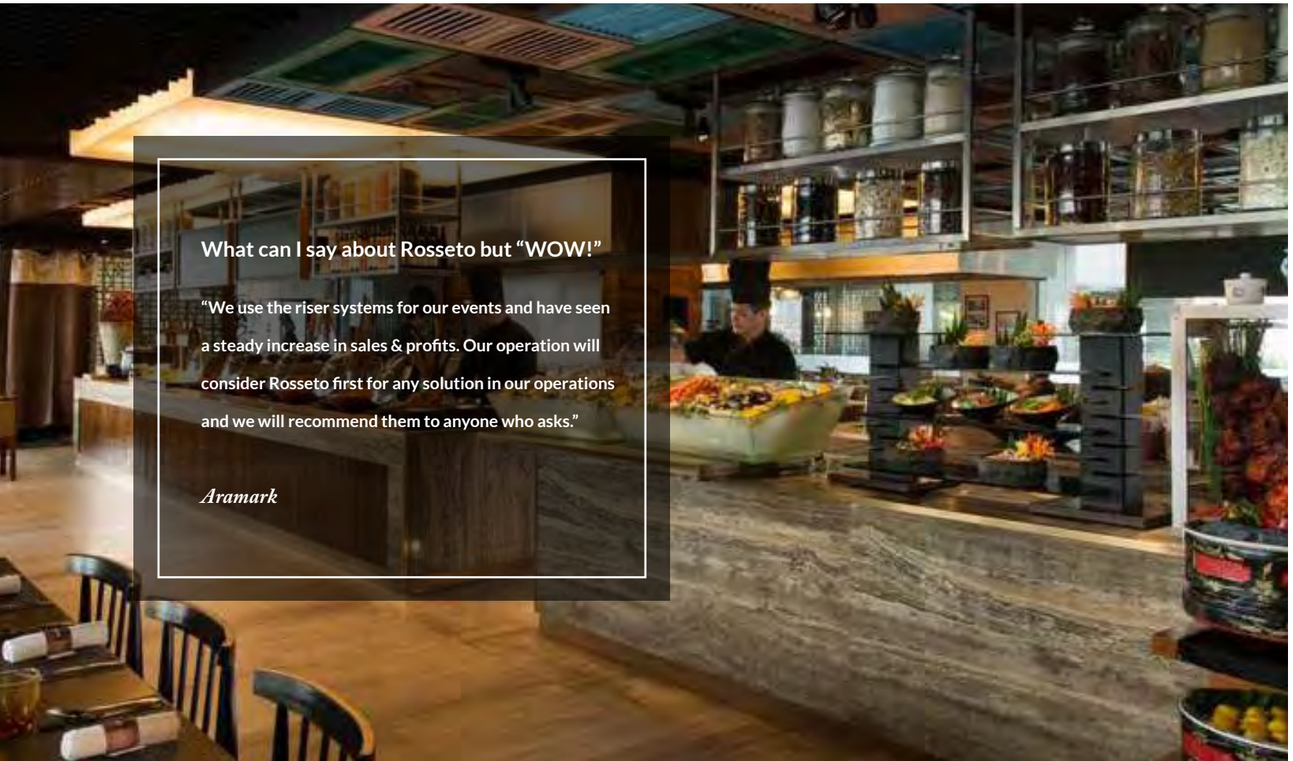
SERVING SOLUTIONS

OUR COMPANY

Rosseto has been helping industry leaders, both large and small, find solutions for their businesses.

It has always been our goal to provide products that are easy to assemble, easy to maintain and provide modern design elements that will compliment any environment or theme. Our dedication to quality and design has allowed us to become a trusted brand to some of the biggest names in food service. Our products have been used in major events like the 2016 Golden Globes and Super Bowl 50 and praised by entities like John Q. Hammons, Marriott, Walgreens and Wolfgang Puck.



What can I say about Rosseto but "WOW!"

"We use the riser systems for our events and have seen a steady increase in sales & profits. Our operation will consider Rosseto first for any solution in our operations and we will recommend them to anyone who asks."

Aramark

A commitment to providing a complete solution has created very strict controls over our materials. Rosseto is one of the only manufactures in the industry that continues to use US Steel in all of our products. Founder Gil Gold states:

> *"We have been asked many times to use Chinese steel companies for our products because it is cheaper, but we refuse. When you see the difference in quality you simply can't go in that direction. It's not worth it to us. I see competitors who have just entered the market who are using this type of material. You can crush their products with your hands. It gives me chills."*

Rosseto designs products with our customers in mind. From the time of purchase to maintenance and storage, we want to be with you every step of the way.

Find product features and highlights throughout the catalog using the following icons:

Stackability
Keep your Rosseto® products looking new longer. Stackable design makes storage easy.

Connectability
All Rosseto® products are designed to work together. Choose from a range of materials and sizes to create endless combinations of display designs. Simply select your risers or bases and add surfaces. Building your own custom buffet has never been so easy.

US Stainless Steel
We are proud that all of our steel is made and manufactured in the US from the highest quality material available. All steel is 14- gauge, laser polished. We are so confident in the quality of our products, that we offer a lifetime guarantee on all welding.

Portion Control Technology
All Rosseto® dispensers include patented portion-control technology that allows you to control food cost and save money. Select portion control wheels are available for individual dispensers that range in portion sizes from 1 teaspoon to 1.5 ounces.

Eco-Friendly
Made from natural, biodegradable or recyclable material.

Easy to Clean
We wanted to provide serving solutions that not only look good in your business, but are easy to maintain. Every product has been designed to make cleaning as simple as possible using minimal parts. This helps you keep your customers safe and health inspections worry-free.

We have added the Rosseto line of buffet equipment to many of our hotels and are ***very pleased*** with the results. The products are truly an extension of our F&B strategy, are ***extremely well made,*** and we have had nothing but positive feedback from our hotel guests.

SURFACES

Bamboo

Not all bamboo is created equal. We use the highest quality bamboo available. We designed a custom three layer system that prevents warping and damage. Keep in mind that bamboo is a natural, live material and reacts to changes in temperature and humidity.

Natural Walnut

Luxurious deep brown hues makes walnut the perfect finish for any high end buffet or food display. Relatively heavy, hard and resilient, it can stand up to your toughest guests and is naturally resistant to warping.

Acrylic

Durable and easy to maintain, this material is perfect for high traffic use or in places where glass would be a safety concern (like poolside or lobbies). Choose from clear, black or white.

Tempered Glass

All of our glass is toughened or tempered. This means that it is processed by controlled thermal treatments to increase strength and safety. Choose from both clear and black finishes.

Clear Acrylic

When companies use low grade acrylic or plastic to make their products, you can always tell by the foggy or frosted coating they will have. Our top grade acrylic is crystal clear and is as close to glass as you can get, without, you know... being glass.

When you buy a Rosseto® product, we know that you want to use it for years to come. You want it to stay looking just as good as the day you bought it, 6 months and 20 events later. Don't worry we have a solution for that too. Loaded with custom shelving and velvet-lined surface cases, the Sky Cart makes transporting, storing and maintain your Rosseto® products incredibly simple.

CUSTOMIZE FOR A LOOK THAT IS AS UNIQUE AS YOUR BUSINESS

DISPENSING QUALITY.

Like all Rosseto® products, our dispensers are made using the highest standards in materials and manufacturing.

All dispensers are food grade quality. Handles are made from solid die casting, which guarantees they will never break and keep turning EZ SERV® after EZ SERV®. Shelving is composed of 3mm of the most durable materials available. All metal is made in the US and is customized in our own factory. This ensures every product passes through our strict quality controls so that customers receive our best products.

Our retail and Bulkshop® solutions have been used in cafeterias serving over 30,000 guests daily and are capable of maintaining structural integrity under the most rigorous use.

Rosseto's retail and Bulkshop® products have been helping industry leaders both large and small find the best merchandising solutions for their businesses for over 10 years. It has always been our goal to provide products that are easy to assemble, easy to maintain, and provide modern design elements that will compliment any store theme.

Patented, portion-control dispensers help control food cost and eliminates product waste. We are proud to say that our dispensers have set the standard in the industry for both quality and design.

NSF certification is your key to making sure that the products you use meet strict standards for public health protection.

"Presentation is everything. With the Rosseto® topping dispenser it's beautiful, it's clean cut, it's very clear as to what toppings you're trying to get. It fits well."

THE BEST BULK RETAIL SOLUTION AVAILABLE

BENEFITS

- **Most value** for your money (big footprint with a small investment)
- Free ingredient label templates
- No labor or installation costs
- 4 **Easy Cleaning** Steps
- **NSF**, **BPA** & **FDA** approved

MODULAR, VERSATILE DESIGN

- Competitors require a design team to come and measure, then they build a huge custom wooden shelving system you can't move or change.
- Bulkshop Gondola is modular and easy to assemble by 2 people, no design team required. Then if you want to move it or change from candy to natural foods- no problem.
- Bulkshop Gondola stands alone and does not need to be bolted to the floor.

PORTION CONTROL TECHNOLOGY

- Competitors use levers you have to pull down to release product which makes a mess and doesn't control portions.
- Bulkshop dispensers allow you to "dial in" exact portions, letting you control food cost, reduce waste and SAVE money.

Our portion control technology removes product waste associated with pull levers. Simply turn the dial to get the exact portion you need every time.
